## Operator's Manual

8530 8630 8730 8830

SE4812  
N. American

## **DEAR CUSTOMER – PLEASE READ CAREFULLY**

The warranty coverage that is extended to your Ford tractor is explained in the Warranty and Limitation of Liability form, a copy of which forms the next leaf of this book. A further copy is provided, which your dealer will remove from the book and ask you to sign after you have read it. Ask your dealer to explain any points that you do not understand.

Do not modify or alter or permit anyone else to modify or alter this tractor or any of its components or any tractor function without first consulting a Ford New Holland Dealer. If you have any questions regarding tractor modifications contact Ford New Holland, Inc., at one of the addresses shown overleaf.

A Roll Over Protective Structure (ROPS) and seat belt were standard equipment for the tractor at time of factory assembly. If the ROPS was deleted by the original purchaser or has been removed, it is recommended that you equip your tractor with a Roll Over Protective Structure (ROPS) and seat belt. ROPS safety cabs are effective in reducing injuries during tractor overturn accidents. Overturning a tractor without a ROPS or safety cab can result in serious injury or death.

Roll Over Protective Structure (ROPS) safety cabs and seat belts are available for your Ford tractor. If your tractor is not equipped with a ROPS or safety cab and seat belt see your Ford New Holland dealer.

Your safety and the safety of those around you depends upon the care and good judgment you use while operating this equipment. Read the safety precautions carefully.

## **PARTS AND SERVICE CATALOGUES AVAILABLE!**

Ford New Holland is pleased to announce to owners of Ford tractors and equipment the availability of numerous parts and service catalogues.

To obtain these catalogues merely fill out the order form available from your local authorised Ford New Holland Dealer.

## OWNER ASSISTANCE

We at Ford New Holland and your Ford New Holland dealer want you to be completely satisfied with your investment. Normally any problems with your equipment will be handled by your dealer's Service Department. Sometimes, however, misunderstanding can occur. If your problem has not been handled to your satisfaction, we suggest the following.

1. Contact the owner or General Manager of the dealership, explain the problem, and request assistance. When additional assistance is needed, your dealer has direct access to our branch office.
2. If you cannot obtain satisfaction by doing this, contact the Ford New Holland branch office in your area and provide them with:
  - Your name, address, and telephone number
  - Machine model and serial number
  - Dealership name and address
  - Machine purchase date and amount of use
  - Nature of problem

**FORD NEW HOLLAND INC. AND  
FORD NEW HOLLAND CANADA LTD.**

**WARRANTY AND LIMITATION OF LIABILITY – 8530 THRU 8830 TRACTORS**

**COVERAGE PROVIDED**

Ford New Holland Inc. or Ford New Holland Canada Ltd., hereinafter called the "Company" warrants to the retail purchaser of each new Ford brand Product (as listed below) that the Selling Dealer will repair or replace any part thereof found to be defective in materials or workmanship within the following periods:

**BASIC WARRANTY**

**Warranty Period**

Agricultural Tractor, Models 8530, 8630, 8730, 8830..... 36 Mos./3000 Hrs. (whichever occurs first)

The warranty period will begin on date of original retail sale or date of original use, whichever is earlier.

- The obligation of the Company to the purchaser under this warranty is limited to the repair or replacement of defective parts, which will be made free of charge for both parts and labor using Ford New Holland service parts. Repair or replacement in accordance with this warranty shall constitute fulfillment of all liabilities of the Company and the Selling Dealer in respect to such Products.
- Repairs or replacements will be performed by the Selling Dealer, following delivery of the Product by the purchaser to the Selling Dealer's place of business.
- If the purchaser has moved a long distance from the Selling Dealer, any Ford New Holland dealer authorized to sell and service Ford brand Products may perform the repair at its dealership.
- The Selling Dealer shall review these warranty provisions with the purchaser prior to retail sale, secure his acknowledgement of delivery of this warranty and record the date of original retail sale or date of original use.

**WHAT IS NOT COVERED BY THE WARRANTY**

1. This warranty shall **NOT** apply under the following conditions:
  - (i) With respect to vendor warranty items such as tires, tubes and attachments;
  - (ii) If the unit has been subject to misapplication, abuse, misuse, negligence of proper maintenance or other negligence, fire or other accident;
  - (iii) If parts other than those made or marketed by Ford New Holland, Inc. or Ford New Holland Canada Ltd., have been used in connection with the unit, and in the sole judgement of the Company such use affects its performance, stability or reliability;
  - (iv) If the unit has been altered or repaired outside of a new Ford New Holland dealership in a manner which, in the sole judgment of the Company, affects its performance, stability or reliability;
  - (v) With respect to batteries which are covered by a separate pro rata adjustment warranty.
2. This warranty shall **NOT** apply to normal maintenance services (such as tune-ups, fuel injection system cleaning and wheel, brake and clutch adjustments), to normal replacement of service items (such as filters and brake or clutch linings), or to normal deterioration due to use or exposure (such as belts and exterior finish).
3. This warranty shall **NOT** apply to any Product which is distributed by anyone other than Ford New Holland, Inc. or Ford New Holland Canada Ltd., through its authorized dealer. This warranty shall **NOT** apply to any Product which is normally operated outside of the United States, and/or Canada.

## LIMITATIONS, INCLUDING DISCLAIMER OF IMPLIED WARRANTIES AND CONSEQUENTIAL DAMAGES

This warranty gives you specific legal rights and you may also have other rights which may vary according to state and provincial law.

Ford New Holland Inc. or Ford New Holland Canada Ltd. does not authorize any person to create for it any other obligation or liability in connection with these products. TO THE EXTENT ALLOWED BY LAW, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS APPLICABLE TO THIS PRODUCT IS LIMITED TO THE STATED DURATION OF THIS WRITTEN WARRANTY. NEITHER THE COMPANY NOR THE SELLING DEALER SHALL BE LIABLE FOR LOSS OF THE USE OF THE PRODUCT, LOSS OF TIME, INCONVENIENCE, COMMERCIAL LOSS OR CONSEQUENTIAL DAMAGES.

Some states and/or provinces do not allow limitations on how long an implied warranty will last or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

The remedy of repair or replacement of a defective part during the warranty period herein specified shall be the purchaser's exclusive remedy.

## RIGHT TO MAKE DESIGN CHANGES

The Company reserves the right to make changes in the design and other changes in its products at any time and from time to time without notice and without incurring any obligation with respect to any product previously ordered from it, sold or shipped by it.

## EXTENDED SERVICE PLAN (ESP)

An optional Extended Service Plan is available: Yes  No

When available, the Extended Service Plan has been explained to me and I:

- accept and have signed the completed registration form
- decline the Extended Service Plan

## PROTECTIVE EQUIPMENT

A rollover protective structure (ROPS) and seat belt are provided as standard equipment on all Ford brand agricultural (except orchard and vineyard) and industrial tractors and we strongly recommend their use. Customers who elect to remove or not use this equipment do so at their own risk.

- I acknowledge the existence of OSHA regulations pertaining to ROPS. \_\_\_\_\_
- A PTO master shield has been furnished with delivery of the machine. \_\_\_\_\_
- The correct Operator's Manual has been furnished. \_\_\_\_\_
- Safety precautions were explained to me by the selling dealer. \_\_\_\_\_

## ROPS (North America only)

### ROLL OVER PROTECTIVE STRUCTURES

A roll over protective structure (ROPS) and seat belt were standard equipment for the tractor at time of factory assembly. The seat belt, when used by the operator, maximizes the protection offered by the ROPS. ALWAYS use your seat belt when the ROPS is installed – seat belts save lives when they are used. Do not use your seat belt when the ROPS is not installed on the tractor.

If the ROPS was deleted by the original purchaser or has been removed, it is recommended that you equip your tractor with a Roll Over Protective Structure (ROPS) and seat belt. ROPS are effective in reducing injuries during tractor overturn accidents. Overturning a tractor without a ROPS can result in serious injury or death.

Roll Over Protective Structure (ROPS), and seat belts are available from your Ford Tractor Dealer.

2 Post ROPS

Ford Built Safety Cab (ROPS)

### ROPS MAINTENANCE AND INSPECTION

After the first 20 hours of operation and after every 300 hours of operation, or six months, whichever comes first;

1. Check the torque of the ROPS mounting bolts. Tighten if necessary as follows.

Bolt Dia.	Quantity	Lbs. Ft.	
		Torque	Nm
3/4 in.	6	252-308	341-417
1 in.	2	646-714	875-967

2. Check the operator's seat mounting bolts and the seat belt mounting parts. Tighten bolts to torque and replace worn or damaged parts.

### DAMAGE TO THE ROPS

If the tractor has rolled over or the ROPS has been damaged (such as striking an overhead object during transport), the ROPS must be replaced to provide the original amount of protection.

After an accident, check for damage to the (1) ROPS, (2) operator's seat, (3) seat belt and seat belt mountings. Before you operate the tractor, replace all damaged parts.

DO NOT TRY TO WELD OR STRAIGHTEN THE ROPS.

**WARNING:** Never attach chains, ropes, or cables to the ROPS or Cab for pulling purposes; this may cause the tractor to tip backward. Always pull from the tractor drawbar. Be careful when driving through door openings or under low overhead objects. Make sure there is sufficient overhead clearance for the roll bar.

**WARNING:** If the ROPS cab is removed or replaced, make certain that the proper hardware is used and the recommended torque values are applied to the attaching bolts.

**WARNING:** Always wear your seat belt when the tractor is equipped with a ROPS. Never wear the seat belt if the tractor is not equipped with a ROPS or Safety Cab.

### FALLING OBJECT PROTECTIVE STRUCTURES (FOPS)

When tractors are equipped with front-end loaders and are not equipped with safety cabs, it is recommended the tractor be equipped with a FOPS canopy to protect the operator from falling objects.

# FOREWORD

This Manual has been prepared to assist you in the correct procedure for running-in, operation and maintenance of your new Ford tractor. The Manual covers tractors with and without cab and where obvious differences occur both versions are illustrated or described in the text.

Your tractor has been designed and built to give maximum performance, economy and ease of operation under a wide variety of operating conditions. Prior to delivery, the tractor was carefully inspected, both at factory and by your Ford New Holland dealer to ensure that it reaches you in optimum condition. To maintain this condition and ensure trouble-free operation, it is important that the routine services, as specified in this Manual, are carried out at the recommended intervals.

The upper portion of the following two pages are pre-delivery inspection sheets. The first page is your copy of the service performed. The second page is the dealers' copy and should be removed by the dealer after the inspection has been carried out. **Ensure that you and the dealer sign both copies.** After you have operated the tractor for 50 hours, take your tractor, together with this Manual, to your dealer. He will then perform the factory recommended 50 hour service as listed on the lower portion of the following two pages. **Ensure that you and the dealer sign both copies.**

Read this Manual carefully and keep it in a convenient place for future reference. If at any time you require advice concerning your tractor, do not hesitate to contact your authorised Ford New Holland dealer. He has factory trained personnel, genuine Ford parts and the necessary equipment to carry out your service requirements.

A vehicle identification plate is located on the framework behind the right hand radiator side panel. To gain access to the plate remove the side panel (Ford 8530 or 8630) or slide the panel forward (Ford 8730 or 8830). If your tractor is equipped with four wheel drive transmission, then a similar plate is affixed to the rear of the front axle casing. For convenience, the numbers shown on the plates should be recorded in the panels below and quoted to your Ford New Holland dealer should the tractor require service.

The form is titled "Ford New Holland Limited" and features the Ford logo. It contains several fields for recording tractor information:

TRACTOR NUMBER	
MODEL	UNIT
ENGINE	
TRANSMISSION	REAR AXLE
HYDRAULIC PUMP	HYDRAULIC LIFT

GM1

Vehicle Identification Plate

The form is titled "Front Axle Identification Plate" and contains fields for recording axle and gear information:

AXLE TYPE	SERIAL NUMBER	
REF. NUMBER	TOTAL RATIO	
INPUT ROT.	DIFF. TYPE	
OIL SPECIFIC	LIT.	LOCATION
		DIFF.
		EPIC.

Front Axle Identification Plate

*Ford New Holland policy is one of continuous improvement, and the right to change prices, specification or equipment at any time without notice is reserved.*

*All data given in this book is subject to production variations. Dimensions and weights are approximate only and the illustrations do not necessarily show tractors in standard condition. For exact information about any particular tractor please consult your Ford New Holland dealer.*

**PRE-DELIVERY INSPECTION – CHECK AND ADJUST AS REQUIRED**

**INOPERATIVE SERVICE CHECKS:**

- 1. Tyre pressures and condition .....
- 2. Lift-rod levelling sleeves for proper operation .....
- 3. Radiator coolant level and specific gravity (1.071–1.083 at 60°F) .....
- 4. Drive belts for tension .....
- 5. Engine oil level .....
- 6. Transmission/rear axle oil level .....
- 7. Front axle differential oil level (4wd) .....
- 8. Front axle hub oil level (4wd) .....
- 9. Power steering reservoir oil level .....
- 10. Upper link, drawbar and pin in position .....
- 11. Brake pedal free play and equalisation .....
- 12. Clutch pedal free play .....
- 13. Wheel-to-rim clamp bolts and lock nuts for tightness .....
- 14. Wheel disc-to-hub nuts for tightness .....
- 15. Rear wheel-to-axle wedge bolts for tightness .....
