INTRODUCTION

The Models 7106Q and 7108Q farm loaders were designed to be compatible with the 1120-1920 series tractors. The Model 7106Q is a loader to be used with the Models 1120 and 1220 2WD and 4WD tractors. The Model 7108Q is a loader to be used with the Models 1320, 1520, 1720, and 1920 2WD and 4WD tractors.

Both loaders have a quick attach feature. The only tool needed to mount and dismount the loader from the tractor is a wrench to remove one 5/8" bolt from each rear loader mount. The side frame becomes the stand so there are no loose parts to become lost.

A complete line of heavy duty and material buckets are available. The capacities of the buckets have been matched to the tractor size. The operator can choose the bucket best suited to his tractor and job. See page 26 for recommendations.

TO THE OWNER:

This manual contains information concerning the operation, adjustment, and maintenance of your loader. You have purchased a dependable machine, but only by proper care and operation can you expect to receive the performance and long service built into this loader. Please have all operators read this manual carefully and keep it available for ready reference.

These loaders were designed to mount on New Holland 1120-1920 series tractors. They are intended to load and move materials with a variety of buckets and forks.

Your New Holland dealer will instruct you in the general operation of your loader. Your dealer's staff of factory-trained service technicians will be glad to answer any questions that may arise regarding the operation of your loader.

Your New Holland dealer carries a complete line of genuine New Holland parts. These parts are manufactured and carefully inspected in the same factories that built the loader, to insure high quality and accurate fitting of any necessary replacement parts. Be prepared to give your dealer the model and serial number of the tractor and loader when ordering parts. Locate these numbers now and record them below.

IMPROVEMENTS

New Holland North America, Inc. is continually striving to improve its products. We reserve the right to make improvements or changes when it becomes practical and possible to do so, without incurring any obligation to make changes or additions to the equipment sold previously.

OWNER ASSISTANCE

We at New Holland and your New Holland dealer want you to be completely satisfied with your investment. Normally any problems with your equipment will be handled by your dealer's Service Department. Sometimes, however, misunderstanding can occur. If your problem has not been handled to your satisfaction, we suggest the following.

1. Contact the owner or General Manager of the dealership, explain the problem, and request assistance. When additional assistance is needed, your dealer has direct access to our branch office.
2. If you cannot obtain satisfaction by doing this, contact the branch office in your area and provide them with:
 - Your name, address, and telephone number
 - Machine model and serial number
 - Dealership name and address
 - Machine purchase date and amount of use
 - Nature of problem
