Here above is provided copy of the "CE" Declaration of Conformity (EC Declaration of Conformity according to **2006/42/EC**).

The EC Declaration of Conformity is the manufacturer's declaration about equipment compliance to relevant EU provisions.

Please keep the original document in a safe place. Local authorities may require you to show this document in order to assure compliance of your equipment.

Translation of this declaration in your own country language is provided on the original document.

HEALTH AND SAFETY RELATED STANDARDS APPLIED TO YOUR TRACTOR

- FOPS level on your tractor cab is not certified according to **OECD Code 10**.
- The cab is certified Category 1 according to EN 15695-1.
- NOISE EMISSION LEVELS have been measured in accordance with directives 2009/76/EC and EU, 2009/63 EC
- VIBRATION LEVELS are rated according to 78/764/EEC.
- ROPS PROTECTION is certified according to EN 15694.

NOTE: See safety section 1 in this manual for further explanation and details on above mentioned standards and specific terminology.

SECTION 1

GENERAL INFORMATION AND SAFETY MEASURES

CLEANING THE TRACTOR

Your tractor is an advanced machine, fitted with an electro-hydraulic control system. Care must be taken when cleaning the tractor, especially if a pressurised water cleaner is used.

- Never stand too close to the tractor or direct the water jet on electrical components, seals or intake openings, etc.
- Never direct jets of cold water at the hot engine or exhaust. See also Section 4 (Recommendations for bodywork maintenance).

SERVICE PARTS

"Non-original" spare parts have not been tested or authorised by the Manufacturer. Installment and/or use of such products may adversely affect the tractor's design specifications, thereby compromising operational safety. The manufacturer cannot be held responsible for any damage resulting from the use of "non-original" spare parts.

No modifications may be made to the tractor without written authorisation from the Manufacturer

WARRANTY

The tractor is guaranteed in accordance with current legislation in your country and in line with contractual agreements reached with the dealer at the time of sale. However, the warranty is no longer valid if the rules and instructions for the use and maintenance of the tractor, described in this Manual, are not observed.

WARNING

The engine and the fuel system of the machine are designed and made in compliance with government standards on limiting polluting emissions. Tampering by dealers, customers, operators and users is strictly forbidden by law. Failure to comply with the above could entail government fines, re-working charges, invalidation of warranty, legal action and possibly confiscation of the machine until work is completed to bring it back into its original state. Any servicing and/or repairs on the engine must be carried out solely by certified technicians.

Thank you so much for reading. Please click the "Buy Now!" button below to download the complete manual.

After you pay.

You can download the most perfect and complete manual in the world immediately.
