

**Tractors  
1290 / 1390**

**Operator's Manual**

**9-9202**

### SERVICE PERIODS

The service periods have been changed since this book was printed.

Do the initial service at *20* to *60* hours.

Do the 60 hour service at *50* hours.

Do the 125 hour service at *100* hours.

Do the 250 hour service at *200* hours.

Do the 200/250 hour service at *200* hours.

Do the 500 hour service at *400* hours.

Do the 1000 hour service at *800* hours.

The gears of the tractor hourmeter have been changed. You will not actually service your tractor more frequently.

*Note:* The service periods are correctly shown in the Tractor Service Book Pub. 9-5306.

## TO THE OWNER OF A DAVID BROWN TRACTOR

Use this manual as your guide. If you follow the instructions that are given, your David Brown tractor will work correctly for many years. It is a recommendation that some jobs are best done by your David Brown Dealer. For this reason, a complete description of these jobs is not given in this manual.

If you do need to do these jobs, a service repair manual is available from your David Brown Dealer. See your David Brown Dealer for any parts or assistance that you need. He has persons with special training who know the best methods for the maintenance and repair of your David Brown Tractor.

Instructions on how to convert to High Clearance are given at the end of the manual.

FIGURE 1. CAB TRACTOR — FOUR WHEEL DRIVE

## INTRODUCTION

FIGURE 2. TRACTOR WITHOUT CAB — TWO WHEEL DRIVE

## YOUR DAVID BROWN DEALER:

### **LEFT AND RIGHT HAND**

*When left-hand and right-hand are used in this manual, they are the same as your left and right when you are sitting in the tractor seat looking forward.*
