

3215A and 3235A TURF SYSTEM I & II Lightweight Fairway Mowers

(Serial No. 030201 –)

OPERATOR'S MANUAL

**John Deere
Lawn & Grounds Care Division
OMMT2777 A6**

**North American Version
Litho in U.S.A
English**

INTRODUCTION

THANK YOU for purchasing a John Deere product.

Read this manual and your attachment manuals thoroughly. Failure to do so could result in personal injury or equipment damage.

CALIFORNIA Proposition 65 Warning

Diesel engine exhaust and some of its constituents are known to the State of California to cause cancer, birth defects, and other reproductive harm.

This manual should be considered a permanent part of your machine and should remain with the machine when you sell it.

Measurements in this manual are metric units and their U.S. customary equivalents. RIGHT-HAND and LEFT-HAND sides are determined by facing in the direction the machine will travel when going forward. When you see a broken line arrow (→) it indicates the part it is pointing to is hidden.

Record identification numbers below. Be sure to record all the numbers to help in tracing the machine if it is stolen. You also need to give these numbers to your dealer when you order parts.

Date of Purchase:

Dealer Name:

Phone:

Product Identification Number:

□ □ □ □ □ □ □ □ □ □ □ □ □ □ □ □

(On right side of frame)

Engine Serial Number:

SAFETY SIGNS

Safety-Alert Symbol

Read and recognize safety information.
Be alert to the potential for personal injury when you see this safety-alert symbol.

On your machine safety labels, the words DANGER, WARNING, and CAUTION are used with this safety-alert symbol. DANGER identifies the most serious hazards. In this manual, the word CAUTION and this symbol call attention to safety messages.

Machine Safety Labels

Two safety labels located
on each cutting unit.

Thank you so much for reading.
Please click the “Buy Now!”
button below to download the
complete manual.

After you pay.
You can download the most
perfect and complete manual in
the world immediately.
