INTRODUCTION

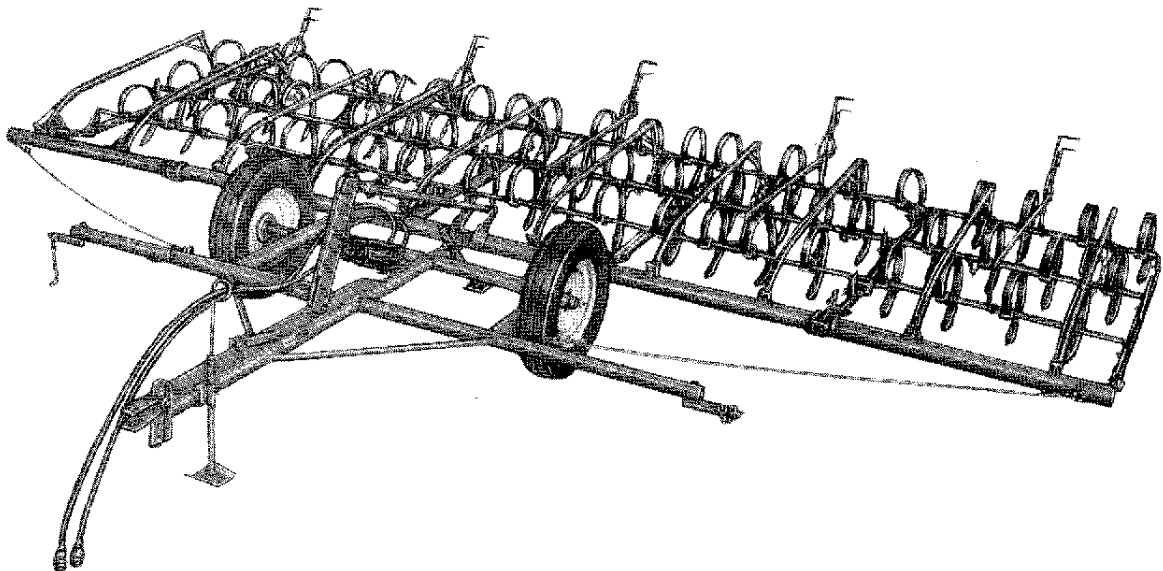

This safety alert symbol identifies important safety messages in this manual. When you see this symbol, be alert to the possibility of personal injury and carefully read the message that follows.

“Right” and “left-hand” sides are determined by facing in direction machine will travel.

Record your drawbar cart serial number in space provided on page 29. Your dealer needs this information to give you prompt, efficient service.

The warranty on the drawbar cart appears on your copy of the purchase order which you should have received from your dealer.

Your operator's manual contains SI Metric equivalents which follow immediately after the U.S. customary units of measure.

John Deere 1900 Wheel Drawbar Cart with Spring Tooth Harrow (002001-)

JOHN DEERE 1900 WHEEL DRAWBAR CART

TO THE DEALER

PREDELIVERY CHECK LIST

After the drawbar cart has been assembled, and lubricated inspect it thoroughly to be sure it is functioning properly before delivering it to the customer. The following check list is a reminder of points to check. Check off each item as it is found satisfactory or after proper adjustment has been made.

The John Deere Delivery Receipt, when properly filled out and signed by the dealer and customer, verifies that the predelivery and delivery services were satisfactorily performed. When delivering this machine, give the customer a copy of the delivery receipt and the operator's manual. Explain their purpose.

Be certain to retain your copy of the packing list for shipping bundle information.

The following check list is a reminder of points to inspect. Check off each item as it is found satisfactory or after proper adjustment is made.

- Inspect to be sure nuts on all bolts have been tightened and all cotter pins spread. See bolt torque chart on page 15.
- Be sure all grease fittings are installed. Lubricate the drawbar cart. (See Page 14.)
- Inflate tires to 165 kPa [1.6 bar] (24 psi) air pressure.
- Paint all unpainted bolts and nuts and any other parts scratched in shipment.
- This drawbar cart has been checked and, to the best of my knowledge, is ready for delivery to the customer.

DELIVERY CHECK LIST

The following check list is a reminder of very important information which should be conveyed directly to the customer at the time the cart is delivered. Check off each item as it is fully explained to the customer.

- Advise the customer that the life expectancy of this or any other machine is dependent on regular maintenance including lubrication and bolt torque.
- Tell the customer all about safety precautions that must be observed while using this cart.
- When the cart is transported on a road or highway at night or during the day, accessory lights and devices should be used for adequate warning to operators of other vehicles. In this regard, tell the customer to check local governmental regulations.
- Tell the customer to adjust wing cables after a short run-in time.
- Give the operator's manual to the customer and explain all operating adjustments.
- To the best of my knowledge, this machine has been delivered ready for field use and the customer has been fully informed as to proper care and operation.
