to the purchaser

This manual covers the operation, service, and lubrication instructions for the John Deere 35 Farm Loader "Series 1" used with 435 Diesel, 330, 430, 320, 420, and 40 Series Tractors. Operating instructions for the 35 Farm Loader used with other John Deere tractors are covered in separate operator's manuals.

This loader has been designed to give many years of satisfactory service. The successful operation and long life of the loader depends on proper operation and the care given it. Read this manual carefully and follow the instructions. By doing so you may save much time and expense in the field. If additional information is needed, see your John Deere dealer.

Lubrication is very important. Refer to the Lubrication Chart.

When in need of parts see your John Deere dealer. He is equipped

to provide genuine John Deere parts and service.

Right- and left-hand reference is determined by standing at the rear of the tractor-loader combination and facing the forward direction of travel.

Before you forget, fill in the information below.
