- N - [Label not defined in legend]

- K - Remote Hydraulic Lever (**SCV IV**)
- L - Hitch Rate of Drop (**Inside Armrest**)
- M - Hitch Height Limit (**Inside Armrest**)
- N - Hitch Load/Depth Control (**Inside Armrest**)

# omar178328 - 8110, 8210, 8310 and 8410 Tractors (010001- ) Vehicle Monitor Warning System

---

## Vehicle Monitor Warning System

RW26849-UN: Corner Post Display

RW26346-UN: Vehicle Monitor Indicators

LEGEND:

- A - PRIORITY-Stop Engine Symbol
- B - PRIORITY-Service Alert Symbol
- C - PRIORITY-Information Symbol

**IMPORTANT:**

**See your John Deere Dealer if any system indicates malfunction.**

Vehicle monitor warning system alerts operator to malfunctions or needed service of the engine, transmission, electrical and hydraulic functions.

Indicators light and a warning sounds momentarily when the key switch is turned to the ON position.

A serious malfunction is indicated when the **Stop Engine Symbol** (A) flashes and a warning sounds in conjunction with a system indicator and function indicator. **Stop engine immediately** and determine the cause.

**Automatic Shut-Down System** -Engine will stop if the tractor is in PARK position, operator is not present, and the **Stop Engine Symbol** is active for more than 3 seconds.

A serious problem has developed when the **Service Alert Symbol** (B) flashes and warning horn sounds in conjunction with a system, function, or status indicator. Observe gauges and indicator lights.

A problem has developed when the **Information Symbol** (C) flashes in conjunction with a system, function, or status indicator. Continue to operate tractor and address problem when convenient.
